

Berkshire War Memorials

Mortimer - Monument -

The monument is located at the junction of The Street and Hammond's Heath. It records the names of 58 men who fell in the First World War and a simple plaque for the Second. A third plaque commemorates the men who fell in the next 50 years from 1945 to 1995. For some reason most of the inscriptions are on cast iron plaques while one is incised lead.

An additional plaque notes the men who fell between 1945 and 1995

The 10 names from WWI!
